It was the accuracy of Bible Prophecy that led Jason to see Jesus Christ as his personal Saviour. Born and raised in New Orleans, Jason pursued a career in competitive bodybuilding before stumbling on a Book that would forever change his life. Now inspired by the validity of the Third Angel's Message, he is committed to proclaiming through voice and pen the final message for this time. Having served in full time evangelism for the past 17 years, Jason's passion for soul winning and the restoration of the gospel continues to grow. Jason currently lives in Montana and works with the North Pacific Union Conference and enjoys snowboarding, backpacking, travelling and spending time with his family.
